

MAPLEWOOD INDUSTRIAL OFFERS A WIDE RANGE OF MATERIALS MANAGEMENT SOLUTIONS.

Trust us to provide customized solutions for projects from procurement through kitting and storage, to transportation to customer at time of installation.

Indoor Storage

- 200,000 square feet (additional 100,000 square feet under construction)
- Humidity controlled warehouse space options
- Overhead cranes
- Engineered hanging racks
- Pallet racks
- 24 hour secure access control

Outdoor Storage (Sulphur Location Only)

- Several acres of secured laydown yard
- Designed to handle heavy equipment
- Offload and move high-tonnage supplies, vessels and machinery

Kitting (Bag & Tag) Services

- Saves valuable time and personnel resources
- Job specific
- MIS reading BOMs and ISO drawings to kit per customer's specifications

Inventory Management

- Detailed inventory available through convenient Client Portal, or by request
- Tracking and tagging for quick access

Maintenance Solutions

We don't just store your equipment, we can also help you maintain its functionality and longevity. Upon request, our well-trained, experienced staff can provide services beyond storage, including:

- Routine maintenance
- Technical assessments
- Repairs
- Recordkeeping and maintenance reports

Logistics

- Delivery
- Pick-up
- 24-hour call-out service

Quality. Experienced Personnel. Dependable Customer Relationships.
